

# Gardening Fun

November 19<sup>th</sup>, 2013

Due to the snow last Tuesday, we had to hold off on planting the bulbs! This week we tried again to plant the tulip bulbs outside. Last week, students had the opportunity to research plants that butterflies like! We are beginning to research and study more about these butterfly plants.

**\*\*There will not be garden club next Tuesday, November 26<sup>th</sup>. Have a nice Thanksgiving!**
